

Please do not allow LPFM to replace existing FM broadcasting, namely action that would effect K-LOVE broadcasting. K-LOVE is not just a provider of contemporary Christian music to its listeners. K-LOVE also is an invaluable source of encouragement providing direction or avenue to those in time of crisis or difficulty. It also serves as a media link to news involving our society that relates to our social values and beliefs, something rarely found on non-religious broadcast networks. I urge you not to disrupt this vital service to our nation. Thank you.
